NOLTE KÜCHEN GmbH & CO. KG (SINCE 1958)

Nolte Kitchens, a hallmark of German engineering, are meticulously engineered at 1,216,000 sq. ft facilities in Lohne and Melle. Our commitment to quality service and the “Made in Germany” pedigree are integral to our success. We achieve an impressive output of approximately 880 kitchens daily, with automated production sequences ensuring unparalleled precision, supervised by our dedicated staff. However, it’s the hand-applied finishing touches that elevate the product quality to its maximum. Our diverse range includes 29 front ranges, 183 front color options, 15 carcass colors and 83 handle choices, allowing for personalized kitchen designs that cater to any home size or budget.

NOLTE'S COMMITMENT
TO SUSTAINABILITY

As a leading German brand, Nolte recognizes the importance of sustainability and environmental responsibility. Our materials emit significantly fewer harmful substances than legally required, a testament to our commitment to both quality and the environment. By employing state-of-the-art filter systems in production and utilizing Eco-friendly packaging, Nolte ensures that our customers receive nothing but the best. We reduced our primary emission source, electricity, by switching to renewable energies since 2021, and offset remaining CO2 emissions through wind energy investments, making us a climate-neutral company.

RAUMPLUS GmbH (SINCE 1986)

Raumplus stands as a beacon of innovative and smart interior solutions, specializing in sliding doors, room dividers, hinge and folding doors, walk-in closets, closet systems, and freestanding furniture. We offer a collection of 25+ profile systems, 8 profile color finishes, 135+ panel options with over 10 applications. With millimeter-precise customization our products ensure perfect fit to your space. Based in Bremen, our capability ranges from crafting individual pieces to fulfilling large-scale orders. Raumplus has established a global presence, operating in 70 countries across five continents, where customers experience the high-quality “Made in Germany” products.

THE RAUMPLUS
PHILOSOPHY

Sustainability and the long-term preservation of our planet is our core value. We are committed to minimizing our environmental impact through continuous improvements in material usage, packaging, energy consumption, and travel practices. Our journey towards sustainability is ongoing, and we're dedicated to keeping our corporate footprint as small as possible. A testament to our commitment is that 80% of our corrugated cardboard is sourced from recycled paper. Additionally, while aluminum production is energy-intensive, we leverage its 100% recyclability and the endless possibilities for reuse to further our environmental goals. At Raumplus, we're determined to maintain this trajectory for the betterment of our planet.

OUR PROCESS

INITIAL MEETING

- Introduce our brand, products, and process
- Basic overview of your needs, space planning, and budget
- Discuss project timelines
- Optimal lead times

FIRST DESIGN PROPOSAL

- Present initial design and budget
- Discuss any necessary revisions
